Nonprofit Agency Endowed Fund Guidelines

Establishing a Fund

The minimum amount to establish a Nonprofit Agency Endowed Fund at the Foundation is \$25,000. The minimum to establish a Nonprofit Designated Fund is \$10,000. The Designated Fund minimum is waived when opening a paired Designated Fund because the initial contribution will come from the Nonprofit Agency Endowed Fund. Additional contributions to the Fund may be made by the Nonprofit at any time. Acceptance of any non-cash contributions is subject to the Foundation's Gift Acceptance Policies and Guidelines. In addition, if any assets contributed to the fund were previously received by the Nonprofit as donor-restricted gifts, such assets will be added to the fund only if such donor-imposed restrictions are specifically approved and accepted by the Foundation and the dollar amount is greater than \$25,000, in which case the Foundation may establish and account for a separate fund to hold and administer such assets.

Tax Status of Funds

Nonprofit Agency Endowed and Designated funds established at the Foundation are component funds of the Foundation, a 501(c)(3) public charity.

Variance Power

All Nonprofit Agency Endowed and Designated funds established at the Foundation are subject to the Foundation's "variance power," as set forth in its bylaws. The variance power gives the Foundation the authority to modify any donor recommendation or condition on distributions from a fund for any specified charitable purpose or to any specified organization, if in the sole judgment of the Foundation, such recommendation or condition becomes unnecessary, incapable of fulfillment, or inconsistent with the charitable needs of the community served by the Foundation. In the unlikely event the Foundation is required to exercise its variance power with respect to a fund, it will endeavor to exercise that power so that the modifications conform in a manner as near as possible to the original intent of the fund.

Restrictions on Endowed Fund Distributions

Nonprofit Agency Endowed funds are established solely to support the operations of the nonprofit establishing the fund. It is the intent of the Foundation and the Nonprofit that endowed funds will be preserved in perpetuity. An annual distribution from the fund will be made to the Nonprofit, the amount of which may be specified by the Nonprofit at the time of establishing the fund. For distribution purposes, the value of the fund is determined in accordance with the Foundation's valuation policies and procedures in effect, which may be amended from time to time.

Management and Investment of Assets

Nonprofit Agency Endowed and Designated funds at the Foundation are the property of the Foundation and are administered by the Foundation in accordance with these Guidelines and applicable laws, including the Internal Revenue Code and Colorado's Uniform Prudent Management of Institutional Funds Act, all as amended from time to time. The Foundation invests the assets in its Nonprofit Agency Endowed and Designated funds in accordance with the Foundation's investment policies, as amended from time to time. A nonprofit establishing a Nonprofit Agency endowment or designated fund may choose to have the fund invested using the Foundation's asset allocation or may choose its own allocation among the Foundation's pool of investments. For investment purposes, the Foundation may commingle the assets of a Nonprofit Agency endowment or designated fund with those of other Foundation funds, so long as it maintains separate accounting records with respect to each fund. The Foundation may, in its sole discretion, delegate to its committees, officers, employees or agents

authority with respect to investment of its funds. In addition, the Foundation may contract with and pay compensation to independent investment professionals, banks or trust companies.

Fees

Nonprofit Agency Endowed and Designated funds established at the Foundation are subject to administrative and investment fees. Administrative fees are charged by Rose Community Foundation based on the attached Board-approved fee schedule which may be amended from time to time.

Investment fees are calculated separately and are deducted from investment earnings; investment earnings will always be reported net of investment fees.

The Foundation reserves the right to change its fee structure at any time. The Foundation may also pay or reimburse itself from the Fund for all direct expenses it incurs in administering a Nonprofit Agency endowment or designated fund. In addition, if the Foundation and the Nonprofit agree, the Foundation may provide additional services with respect to the Fund in exchange for an additional fee.

Reports

The Foundation will provide to the Nonprofit quarterly reports showing the then-current balance in the fund and listing all contributions to the fund, distributions from the fund, fees charged to the fund, and net investment gains (losses) allocated to the fund during the period covered by the report. The Nonprofit may also view fund details through the online fundholder portal.

Confidentiality

The Foundation agrees not to use any confidential information provided in connection with the establishment of a fund for purposes other than those for which it was provided, without receiving the prior written consent of the Nonprofit.

Irrevocable Gifts

All contributions to a Nonprofit Agency Endowed fund, once accepted by the Foundation, represent irrevocable gifts to the Foundation.

Rose Community Foundation Fee Schedule

Current as of January 1, 2021

Spending Policy for Endowed Funds Held by Rose Community Foundation

I. Purpose

- A. The purpose of this Spending Policy for Endowed Funds (this “Policy”) of Rose Community Foundation (the “Foundation”) is to set forth rules and guidelines for spending from the Foundation’s endowed funds, other than the Foundation’s own unrestricted endowment (the “Funds”). The overall objective of the Policy is to balance the needs of the Funds’ beneficiary organizations for distributions to support their current charitable activities, and the need to preserve the purchasing power (real value) of the Funds in order to support the beneficiary organizations’ future charitable activities.
- B. The Policy is comprised of three components: 1) a determination of spendable amount, 2) rules relating to the suspension of distributions in certain situations when a Fund’s value declines below its historic dollar value, and 3) rules relating to distribution authorization and the commencement of distributions.

II. Determination of Spendable Amount

- A. The amount available for distribution annually from each Fund (the “Spendable Amount”) shall be calculated using the following formula: an amount equal to the Annual Distribution Percentage (defined below) of a Fund’s trailing twelve quarter Fund balance as of December 31 of the year preceding the calculation. The Spendable Amount from Funds that are fewer than three years old shall be calculated using the following adjusted formula: an amount equal to the Annual Distribution Percentage of a Fund’s trailing quarterly Fund balance for the number of quarters the Fund has been in existence as of December 31 of the year preceding the calculation.
- B. The Annual Distribution Percentage is:
 - i. In the case of Funds for which the Fund Agreement states a percentage, that percentage.

- ii. In the case of Funds for which the Fund Agreement does not state a percentage, the percentage determined by the Foundation’s Board of Trustees.
- C. The Annual Distribution Percentage may not exceed 5%.
- D. The Annual Distribution Percentage may be changed:
 - i. In the case of an Endowed Fund established by the beneficiary agency, by vote of its Board of Directors and approval by the Foundation’s Board of Directors.
 - ii. In the case of an Endowed Fund established by a donor, by direction of the donor and approval by the Foundation’s Board of Directors or by the sole determination of the Foundation’s Board of Directors.
 - iii. In no event may the Annual Distribution Percentage exceed the percentage allowed by this Policy, as it may be amended from time to time.

III. Suspension of Distributions

- A. A Fund’s historic dollar value (“HDV”) is the sum of original and subsequent contributions to the Fund, not including investment earnings or losses. In the case where a distribution from a Fund would result in the Fund balance falling below the Fund’s HDV, such distribution must be authorized by both the primary fund representative (defined below) and the Board Chair of the beneficiary organization.
- B. Notwithstanding authorization by the primary fund representative and the Board Chair of the beneficiary organization, the Foundation shall suspend distributions from any Fund if a distribution would result in the Fund balance falling below sixty-six percent (66%) of the Fund’s HDV.
- C. Administrative fees paid to the Foundation shall continue even when distributions are suspended.

IV. Distribution Authorization and Commencement

- A. The primary fund representative for a Fund will be the Executive Director or CEO of the beneficiary organization. The primary fund representative is authorized to request one or more distributions of the Spendable Amount from the Fund.
- B. Unless a target fund balance or future distribution date is stated in the Fund Agreement, annual distributions may begin at fund inception.

V. Review and Revision

- A. This Spending Policy will be reviewed and reconfirmed or revised on a regular basis by the Foundation’s Board of Trustees.

APPROVED THIS 15th DAY OF DECEMBER, 2020 BY THE BOARD OF TRUSTEES OF ROSE COMMUNITY FOUNDATION.
